Guided Python Project Due <u>Tuesday</u>
<u>Tuesday 11/1 by 11:59 pm</u>

- Found in your group's DeepNote notebooks

    "GuidedProject/COVID_data_analysis_Project"

- Work as a group
    - Cells can be completed together
    - Comment your name in the cells you worked on
    - We have revision history to see who did what
    - Graded according to level of participation

- Rest of project material will be covered next class
    - Recommended to try to start this week – Look ahead at next week's material

Homework 2 Due Tomorrow

Saturday 10/29 by 11:59 pm

- Figure out how to split questions with group

- Comment your name next to the problems you answer

Concept Checks
